

# I'm a toothbrush!

Name: \_\_\_\_\_

Imagine an alien has come to visit who has never seen a toothbrush before. How would you describe a toothbrush to the alien?

**What is it used for?**

**What are the bristles for?**

**Do you keep the same toothbrush for life?**

**How does the handle help?**

**What is Toothie's tip about toothbrushes?**

**Ready, set, BRUSH!**
